ERASURE CERTIFICATE

01928c3e-5a1b-7000-8000-000000de4004

Issued 2026-10-05 00:00:00 UTC

Disphas

STORAGE DEVICE

Model	DEMO NVMe Data 2TB
Serial number	DEMO-NVME-4567
Firmware	DEMO01
Capacity	2,000,398,934,016 bytes (2,000.3 GB)
Type	NVMe
Identifiers	EUI-64 0011223344556677

SANITIZATION

Category	Clear
Method	NVMe Format, user data erase (NvmeFormatUserDataErase)
Standards	NIST SP 800-88r2, IEEE 2883-2022
Firmware verification	passed
Validation	canaries, 1,000 samples, passed

FUTURE AND RESERVES

Recommended future	Reuse
Reserves	none

ISSUER

Organization	Atelier XYZ
Operator	OP-042
Tool	disphas 0.1.0 · rules 1.0.0
License	DEMO-0001 — disphas — démonstration (Demo)

signature Ed25519

Attestation fingerprint f5dc 35a0 9f85 6b56 1999 5430 1888 2d0c

Scan the QR code or run disphas-verify to check this certificate offline. The PDF is only a rendering: the signed attestation is the proof.

TECHNICAL ANNEX

Values needed to replay the validation and to audit the attached journal.
