REFUSED — physical destruction required

ERASURE CERTIFICATE

01928c3e-5a1b-7000-8000-000000de400c

Issued 2026-10-05 00:00:00 UTC

Disphas

STORAGE DEVICE

Model	DEMO SATA SSD 500GB
Serial number	DEMO-SSD-F0Z3
Firmware	DEMO01
Capacity	500,107,862,016 bytes (500.1 GB)
Type	SATA-SSD
Identifiers	WWN 5002538e00000001

SANITIZATION

Category	—
Method	ATA Security Erase, enhanced (AtaSecurityEraseEnhanced)
Standards	NIST SP 800-88r2, IEEE 2883-2022
Firmware verification	passed
Validation	canaries, 1,000 samples, failed

FUTURE AND RESERVES

Refusal reasons	Read errors during validation (N8)
Reserves	none

ISSUER

Organization	Atelier XYZ
Operator	OP-042
Tool	disphas 0.1.0 · rules 1.0.0
License	DEMO-0001 — disphas — démonstration (Demo)

signature Ed25519

Attestation fingerprint cd3b e329 d778 a9c5 3b7e bea1 3fce e21b

Scan the QR code or run disphas-verify to check this certificate offline. The PDF is only a rendering: the signed attestation is the proof.

TECHNICAL ANNEX

Values needed to replay the validation and to audit the attached journal.
